Re: Permit Review Status, Geneva Rock, Levan Gypsum Mine, M/023/016, Juab County, Utah

Dear Mr. Christofferson:

On February 5, 2002, the Division received Geneva Rock's response to the Division's 2nd review for the Levan Gypsum mine. Your response was attached to the annual report, which was set aside and not processed until March 4, 2002. Therefore, the review response was not discovered until March 4th.

We apologize for not discovering the review response at the time it arrived. The Division staff has not had adequate time to complete review of your latest response and hope to complete the review within the next 30-45 days. We apologize for the delay and any inconvenience this may cause you.

We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

A handwritten signature in cursive script that reads "Joelle Burns".
